

**Bring
your CV**

**Web
Development
for your career
using ASP.NET
& an Intro to Whidbey**

You are invited to join **Anthony Vranic, Academic Developer Specialist from Microsoft**, and learn how to build web based applications using **Visual Studio**, the most used development tool in the software industry. This two hour training session will focus on web development and the **new features** in Whidbey, the **next version of Visual Studio**.

All attendees will be provided with **full access** to the examples and slides used for this presentation. You will also have an opportunity to learn about **job opportunities in the industry** and at Microsoft. Bring your resume to drop off!
